The argument centres on whether cryptocurrencies should be classified as securities and the answer could have major ramifications for the way the world of digital assets operates going forward. This is because anything classed as a security is regulated in the US by the Securities and Exchange Commission (SEC) and in the UK by the Financial Conduct Authority (FCA).

Radical crypto positivists could argue that classifying cryptocurrencies as securities goes fundamentally against everything it stands for. There is a very strong case for crypto-regulation and.
