Double Bottom. A double bottom pattern is a bullish version of a double top. It's worth noting that both bottom prices don't need to line up perfectly, and wicks are frequently ignored when it's convenient. When looking at a candlestick chart, a wick is a brief price anomaly, and can often be safely omitted when charting price patterns.

Copy trading is the trading methodology whereby investors across financial markets can automatically open positions and execute trades in accordance with the portfolio of another selected entity or individual in the market. It can either be automatic or manual depending on how the individual would like to approach copy trading.
