

BitMex. BitMex is the biggest and the most popular crypto futures trading platform in the market. It was launched in November 2014 by Seychelles-based HBR Global Trading limited. The exchange has offices worldwide except in several countries, including the USA, Cuba, Crimea, Sevastopol, Iran, Syria, North Korea, Sudan.

A US citizen wont be able to get KYC on KuCoin but the exchange still allows you to trade as long as your crypto deposit is not previously blacklisted by other exchange. 5 BTC is a lot of money and unless you plan to withdraw more than \$250k worth of USDT every 24 hours you wont have an issue.
