As mentioned before, MetaTrader 4 is one of the most popular trading platforms out there, so it only makes sense that brokers within the United States will be using that platform too. Although these are only a handful of U.S. brokers that use the MT4 platform it is important to conduct deeper research into what other features they offer, and what their terms are regarding making withdrawals.

With the rise of trading done in cryptocurrencies, it would be a great idea to make Robinhood your go-to place to trade due to its zero commission policy and good margin fees as well. The platform supports all the great and popular cryptos and does a good enough job providing great customer service to all its customers.
