"User is unable to sell", why? My account has no restrictions and i live in a country where i am eligible to buy, convert and sell coins. I transfered 100\$ of btc from my external wallet to test out coinbase for a change, i converted it to xrp and now it wont let me sell it, everytime i try it just gives a "user is unable to sell" message, what do?

The international money markets major responsibility is to handle the currency trading between the countries. This process of trading a countrys currency with another one is also known as forex trading. Unlike share markets, the international money market sees very large funds transfer. The players of the market are not individuals; they are very big financial institutions.
