IMO, kraken is the best exchange. It's the mix of many factors: They don't have as many altcoins as Binance but still many, they offer staking for some coins (although not many and not the best rates), they are a registered company in a country with a solid legal system and with real offices and known people (unfortunately that means you need to do their terrible KYC process), you can buy .

The STOXX 600, or SXXP for short, is an index for 600 European stocks, including the UK. It covers about 90% of the free-float market capitalisation of the European stock market. SXXP represents not only large, but mid and small capitalisation companies in 17 European countries. STOXX, the company that designed the SXXP, reviews the index 4 times a year to update its composition.
