Multiple trade options. Coinbase Pro offers more control over your cryptocurrency trading, giving users access to multiple trade options. Stop orders allow users to set a sell price to limit their losses. Limit orders allow users to set a buy point if they think a cryptocurrency will drop in value, letting them purchase at a lower price.

IMO, kraken is the best exchange. It's the mix of many factors: They don't have as many altcoins as Binance but still many, they offer staking for some coins (although not many and not the best rates), they are a registered company in a country with a solid legal system and with real offices and known people (unfortunately that means you need to do their terrible KYC process), you can buy .

DAS Trader Pro is a solid platform that will meet the requirements of many day and swing traders. But because it can't be used directly through DAS, you have to go through a retail broker, which can be rather expensive.
