RoboForex demo accounts are different from real ones in that you don't need to deposit any real money for investing on them. In all other aspects, demo accounts are fully identical to RoboForex real accounts. This is why using a demo account is one of the most powerful ways to test your investment strategies or EAs in real market conditions.

As you can see, we have all the components of a good forex trading system. First, we've decided that this is a swing trading system and that we will trade on a daily chart. Next, we use simple moving averages to help us identify a new trend as early as possible. The Stochastic helps us determine if it's still ok for us to enter a trade after a moving average crossover, and it also helps us avoid oversold and overbought areas.
