The arbitrage strategy is popular because it allows buyers to gain without risking much of their investment in the process. Arbitrage traders make small gains that add up over time. The profits might seem small at first, but they can compound. You can participate in crypto arbitrage without putting your initial investment at risk.

When you create an order on Coinbase Pro, we check your buying power before the order is created. Once Margin Trading becomes unavailable, your buying power decreases and we thus might not be able to execute any orders that were already created. Will I still have access to reporting for Margin trades? You can access your previous trades (including Margin trades) via the Orders or Statements sections of your account.
