Cardano is an open platform that seeks to provide economic identity to the billions who lack it by providing decentralized applications to manage identity, value and governance. It was created by a team led by Charles Hoskinson, in a bid to create a "more balanced and sustainable ecosystem" for cryptocurrencies.

What Is Margin Trading. Margin trading is a method of trading assets using funds provided by a third party. When compared to regular trading accounts, margin accounts allow traders to access greater sums of capital, allowing them to leverage their positions. Essentially, margin trading amplifies trading results so that traders are able to .
