Coinbase lied to me when saying they got request from me but they could not to prove it so far. For your information: if someone is stealing your money, he will never send any request because to get approval he must verify his location, 2FA phone, send a link for a LinkedIn account, send a Bank Statement and it takes about 2-4 days. I asked Coinbase send me all verifications for that request, but they could not provide me with any.

At CoinList, our mission is to accelerate the global advancement and adoption of crypto. We do this by helping the worlds most impactful crypto projects grow from inception to post-mainnet and by connecting early adopters with access to unique crypto assets before mainstream exchanges.

All investments done via CoinList are denominated in USD, and so regardless of whether someone pays with crypto or USD, we will denominate your investment in USD (or USDC). In many cases, issuers want to allow investors to participate with crypto but do not want to hold crypto on their balance sheets.
