Coinbase lied to me when saying they got request from me but they could not to prove it so far. For your information: if someone is stealing your money, he will never send any request because to get approval he must verify his location, 2FA phone, send a link for a LinkedIn account, send a Bank Statement and it takes about 2-4 days. I asked Coinbase send me all verifications for that request, but they could not provide me with any.

I have the exact same issue, tho my problem has been that i sent money from my bank in my residence country currency, which they did not accept. Have waited 2 months for the money to be transferred back, still nothing. Countless of e-mails, and vague responses. Yes Coinbase is stealing your money, and they clearly don't give a shit.
