Mind you, this isn't some \$20 transaction, CoinBase has essentially stolen a large sum of money directly from my bank account. Here's a large thread from last week discussing other options for Crypto exchanges, I suggest you read it before you actually need CoinBase support for something.

I have the exact same issue, tho my problem has been that i sent money from my bank in my residence country currency, which they did not accept. Have waited 2 months for the money to be transferred back, still nothing. Countless of e-mails, and vague responses. Yes Coinbase is stealing your money, and they clearly don't give a shit.

I asked Coinbase send me all verifications for that request, but they could not provide me with any.
