Are you taking part in eToro's Trading Knowledge Assessment? Here is the cheat sheet, with answers and explanations, for your use. 1. Which of the following best describes 'gapping'? a. A trading strategy designed to profit from falling markets. b.

Moving averages are among the most popular Chromia price prediction tools. As the name suggests, a moving average provides the average closing price for CHR over a selected time period. For example, a 12-day simple moving average for CHR is a sum of CHRs closing prices over the last 12 days which is then divided by 12.

The CME Globex system was the first and today still remains one of the fastest global electronic trading systems for futures and options trading. 'Trades on the system are executed and confirmed to the customer with millisecond precision'. Average daily order volume continues to increase, while the response time for trades continues to decrease.
