Below youll find information on how to apply for a Kraken grant, as well as examples of the work that has inspired our giving in the past.

**Hacking Coinbase** Just because something is trusted by millions of users doesn't mean that it's secure and safe to be your custodian. At the end of the day, trusted third parties are security holes and the whole point of Bitcoin is to participate in a permissionless system which grants you financial sovereignty.

We will review proposals and strive to announce grant winners within 2 weeks after each wave deadline. You can submit proposals to the open category throughout the year, but submissions will only be reviewed after each wave deadline. New RFPs may go live at any point, so watch the Dev Grants repo to stay on top of our updated list of RFPs.
