ANKR has potential for a long term investment and has been on the uptrend since early 2021. Currently ANKR is traveling on the lower blue zone since early December which I presume that this will continue until early January 2022 and I said this because history shows that the same happened in late June and late September which I stated as the consolidation period and it consolidated for about a .

ANKRUSD. ankr Ankr originates as a solution that utilizes shared resources in order to provide easy and affordable blockchain node hosting solutions. It was founded in November in 2017 and during its time on the market, it has built a marketplace for container-based cloud services through the usage of shared resources.

GDAX announced in May 2018 that it was going to rebrand the exchange to Coinbase Pro! Coinbase Pro will have all of the same benefits as GDAX, however, the team has added a few new features to make it even better! The new platform is now live, meaning that if you try to access GDAX, you will be redirected to the new Coinbase Pro website. When I tested it out for the first time, I noticed a few differences.

When you research crypto assets, you may run into a special type of price graph called a candlestick chart. So its good to take a little time to learn how these work. Similar to more familiar line and bar graphs, candlesticks show time across the horizontal axis, and price data on the vertical axis.
