An option you purchase is a contract that gives you certain rights. Depending on the option, you get the right to buy or the right to sell a stock, exchange-traded fund (ETF), or other type of investment for a specific price during a specific period of time. Investors and traders use options for a few different reasons.

Options are a form of leverage, offering magnified returns. An option gives an investor time to see how things play out. An option protects investors from downside risk by locking in the price.

Crypto is not the stock market, and deviating away from trusted projects or trying to rely on technical analysis is very risky. TLDR: Unfortunately a lot of the newbies that are joining Crypto are completely ignoring even top 100 coins and are choosing to put their money in these shady "get rich quick" schemes which is nothing short of gambling.
