API stands for Application Programming Interface. As the name already suggests, it is an interface used to link the ProfitBird platform with the exchanges. If you provide your ProfitBird account with the API Key and Secret of your Coinbase Pro account, then the ProfitBird Platform is able to invest and trade on your exchange account on your behalf. So the API Key and Secret act as a unique identifier for authentication.

Description of Huobi Global: Buy BTC, NFTs& Meta. Huobi Global (www.huobi.com) is a leading global digital asset exchange that is dedicated to providing secure and reliable digital asset trading and asset management services. Since its founding in 2013, Huobi Global has grown into a premier cryptocurrency trading platform, distinguishing itself through cutting-edge technology, a vast array of diversified products, and a truly global presence, covering more than 130 countries around the world.

A private key is like a password a string of letters and numbers that allows you to access and manage your crypto funds. When you first buy cryptocurrency, you are issued two keys: a public key, which works like an email address (meaning you can safely share it with others, allowing you to send or receive funds), and a private key, which is typically a string of letters and numbers (and which is not to be shared with anyone).

Huobi Group and its sub-brands distinguish themselves from global peers through world-leading technology platforms, product lines, security risk management system, operations, and customer service. Positioning: Huobi Global is committed to providing professional, secure, and transparent digital asset services for its global user base.
