Moving averages are among the most popular Swipe price prediction tools. As the name suggests, a moving average provides the average closing price for SXP over a selected time period. For example, a 12-day simple moving average for SXP is a sum of SXPs closing prices over the last 12 days which is then divided by 12.

I use Coinbase Pro to trade cryptocurrency and I want to add it to Mint so I can view my balance with the rest of my financial accounts. Mint asks that I create an API key via Coinbase. This did not work for Coinbase Pro, but when I did it on Coinbase.com it did work, however it did not show any of my balances from the Pro website.

Now Coinbase is reporting this as 3 sell transactions for 1.95 bitcoin and according to my coinbase tax report is reporting a \$94,000 income on one of the 2 cancelled transactions. I did not receive \$94,000 from Coinbase. I have filed complaints and helpdesk tickets with coinbase.
