Binance is the best exchange that I have found so far, easy to use, low fees and lots of great opportunities to earn extra staking and trading. They have a huge amount of crypto currencies on offer too. Unfortunately

because of regulations you are unable to cash out into your bank account. I can't wait for them to sort this issue out.

Very bad experience with these guys and causing a lot of anxiety. I have been using binance for three years. Depositing to this exchange is easy, trying to withdraw all your funds is another story. Two months of jumping through hoops for their support team and they still won't unblock my account.
