It is a very risky trading strategy too, but with the right approach, it can be used to cash in on the short-term volatility in the market. However, not all cryptocurrencies are suited for day trading. In fact, here are some attributes that typically define the best day trading assets.

Day trading the cryptocurrency market can be a very lucrative business because of the high volatility. Since the crypto market is a relatively new asset class, it has led to significant price swings. Before day trading Bitcoin or any other altcoins, its prudent to wait until we have a high reading of volatility.
