The main difference between MT4 vs MT5 for this point of comparison is that MT4 has fewer technical indicators built in to the platform. However, it has a larger library of third party plug-ins than MT5 does. This is probably because MT4 has been around for longer and still has a larger community of traders using it.

MT5 offers a more liberal order filling policy, in which partial order filling is permitted. For instance, if part of a traders order is not immediately filled, MT5 will automatically create a limit or market order to fill the remaining volume. Pending Orders. MT4 is designed to accept four different types of pending orders.
