A crypto savings account may be advertised as having a 12% APY, but that high of a return requires you to receive 2% in the platforms native coin. Or you might need to hold a specific number of the native coin before youre eligible for the highest APY. Interest payments too depend on the crypto savings account or platform you use.

We are preparing right now for the future of crypto and payments, announcing that this year Mastercard will start supporting select cryptocurrencies directly on our network. This is a big change that will require a lot of work.
