Orders placed via our ActiveTrader interface (each, an Order) are subject to the rates on this schedule. Gemini utilizes a maker-taker fee model for determining trading fees for all Orders. Liquidity-making Orders are charged different fees than liquidity-taking Orders. If you place an Order that is filled immediately, this Order takes liquidity from the marketplace and, therefore, you are considered a taker and will be charged a taker fee. As a licensed exchange, BitBay has to follow the market standards. Compliance with market standards and regulations allows us to provide our clients with legal security and convenience of using the exchange, with the participation of a friendly banking system and the availability of payment operators, BitBay added.
