Audius (AUDIO) Price Prediction CoinCodex

I've been soft staking HYDRA on Kucoin for 170-180% APY. Since doing so, HYDRA's price has increased greatly and I've got a very good return on investment already. I'm thinking of cashing out as I don't know if HYDRA is in it for the long run or if it's a shitcoin that's going to down massively soon.

Hail Hydra. I think it used to be 180% apy. I don't remember what they do (something about hotels, I

think), but they've kept those returns high for a few months now and saw a lot of growth (maybe bc so many are staking it). Its chart looks really nice at the moment, but I guess many do today.

Centralized crypto is somewhere between decentralized crypto and the traditional system, but it is the worst of both worlds. Centralized crypto is not immutable (transactions can be reversed, look at ETC), it's not trustless and it's not censorship resistant which are the most important benefits of a decentralized blockchain.
