Of the 357-plus cyber currencies that already populate the investing landscape, Bitcoin is by far the best known. The leader of the pack, even Bitcoins origin is shrouded in mystery: no one knows who created it, though experts suspect it was a group of high-rolling programmers who came up with the unique idea.

A trading similar is essentially a copy of the stock market on a virtual trading platform. These virtual platforms provide market data like you would generally see in your active trading account. But theres one big difference. In your active trading account, your trades are made using your money. So, when you lose, you lose real money.
