The RoboForex offers to its clients the most popular way to operate on financial markets - the MetaTrader 4 Trading Platform. The platform features a large range of functions: forex online trading account management, opening and closing position, pending orders, instruments for graphic analysis, a wide range of indicators for technical analysis, and also an opportunity to use trading robots, etc.

MetaTrader 4 is a third-party trading platform that connects to a broker for forex trading. To start trading, you need to choose the broker. When making your selection, you need to pay attention to many factors, such as the number of tradable securities, pricing, financial instruments on offer, reputation, deposit size, and support.
