ETF trading is done on stock exchanges, making ETFs easy to buy and sell without help from a broker or investment advisor. And since they are funds made up of collections of assets, they offer investors easy entry into various markets, sectors, indices, and more since investors don't need to buy each underlying asset individually.

A project coin with terrible code can go up in price, and a project with good code and a good team can also go down in price. Do NOT use our ratings to refer to your likelihood in making money if you invest in the project. They are ONLY in reference to code safety. Everything else beyond code safety is YOUR responsibility to go do research on.
