Probably, the biggest difference that distinguishes a state-controlled cryptocurrency from others is that the former has legal status. For instance, the digital yuan can be used as a payment mechanism and positioned as a legal tender. On the other hand, other cryptocurrencies do not have a centralised structure.

To summarise, cryptocurrency trading basics are relatively simple. Just as every culture has its own favorite drink, they like to consume it in different ways. A good place to start is to purchase Bitcoin first as an investment (at market rates) so that you can buy into other cryptocurrencies later if this field interests you after the first purchase.
