Orders placed via our ActiveTrader interface (each, an Order) are subject to the rates on this schedule. Gemini utilizes a maker-taker fee model for determining trading fees for all Orders. Liquidity-making Orders are charged different fees than liquidity-taking Orders. If you place an Order that is filled immediately, this Order takes liquidity from the marketplace and, therefore, you are considered a taker and will be charged a taker fee. Gemini ActiveTrader is a trading interface that offers advanced charting, additional trading pairs, order types, and deeper order book visibility. If you would like to switch to the Gemini ActiveTrader interface click here. Our ActiveTrader fee schedule can be found here.
