LONG-SHORT RATIO. Great for BTC and crypto environment. Absolute values of long and short positions can be misleading as since time passes new market participants join the crypto space. Also, Long tend to be long time holders, while shorters tend to be short time shorter. It is the ratio of the two levels (no matter what they are) that is a better indicator than the two of them taken separately.

Coinbase lied to me when saying they got request from me but they could not to prove it so far. For your information: if someone is stealing your money, he will never send any request because to get approval he must verify his location, 2FA phone, send a link for a LinkedIn account, send a Bank Statement and it takes about 2-4 days. I asked Coinbase send me all verifications for that request, but they could not provide me with any.
