Hi George, If you still have question about Gadgets availability on Windows 10, you may visit this article for additional information: Gadgets have been discontinued. Please note that the article also applies for Windows 10. Let us know if you have other question or concern.

Microsoft is constantly updating Windows 10 with tweaks and minor features. The June 2021 update for Windows 10 introduced a new feature called news and interests that lets users view weather information, stock updates, traffic data, news, etc., at a glance. Despite being called news and interests, it appears as a weather widget in the taskbar.

Storjs is noble and good, but unfortunately, it is facing very stiff competition, and it is probably a major reason why its price is expected to struggle in the next few years. Apart from traditional competition from the likes of Google and Amazon, Storj also faces competition from the crypto market, namely Siacoin and especially Filecoin.
