After repeated attacks in 2019, the New Zealand-based Cryptopia exchange lost roughly \$16 million to \$18 million in crypto. Although services were later suspended, a court deemed in May 2020 that users of the exchange are entitled to have their holdings returned. This kickstarted the claims process, bringing some relief to the users.

This API lets brokers build a bridge to connect their backend systems to the TradingView interface, so that broker partners then can be supported on the TradingView Web Platform. The integration is very straightforward. The broker builds a REST Web API on its own servers based on our specification so that it can be connected to TradingView. TradingView provides a sandbox and required technical assistance to get your TradingView Web Platform integration started.

At the time of the pullout, Skrill had surpassed all the competition and was considered the largest online gambling wallet by volume. There is a widespread assumption that Skrill made decisions not long after Titan Poker threatened to pull out of the Canadian market.

Skrill is a digital wallet that offers you the safety and convenience of paying online just with your email address and password. You can upload and withdraw your funds whenever you need them and use them at your favorite websites. Its safe, too. When you pay with Skrill, all your sensitive financial details are kept hidden from the recipient.
