What are the fees on Coinbase Pro? Trading Fees. Coinbase Pro uses a maker-taker fee model for determining its trading fees. Orders that provide liquidity (maker orders) are charged different fees than orders that take liquidity (taker orders). Fees are calculated based on the current pricing tier you are in when the order is placed, and not on the tier you would be in after a trade is completed. Your fee tier is recalculated hourly based on your total trading volume.

Coinbase lied to me when saying they got request from me but they could not to prove it so far. For your information: if someone is stealing your money, he will never send any request because to get approval he must verify his location, 2FA phone, send a link for a LinkedIn account, send a Bank Statement and it takes about 2-4 days. I asked Coinbase send me all verifications for that request, but they could not provide me with any.
