Margin trading is when you buy and sell stocks or other types of investments with borrowed money. That means you are going into debt to invest. Margin trading is built on this thing called leverage, which is the idea that you can use borrowed money to buy more stocks and potentially make more money on your investment. But leverage is a double-edged sword that also amplifies your risk.

Margin Trading Definition: Online Trading with margin is the actual trading with borrowed capital. This borrowed capital is lent by the broker and it is available to the trader, who must deposit a margin. The trader can, therefore, trade more capital on the financial markets than he actually owns. Higher profits and losses are

thus possible.
