In margin trading, your trading account is extended credit to increase its trading value. When you trade on margin, each dollar in your account is worth more in a trade than it is at face value. This method creates the possibility for huge gains but also significant losses. Margin trading is best for experienced traders who have a clearly defined risk management policy.

Margin trading is when you buy and sell stocks or other types of investments with borrowed money. That means you are going into debt to invest. Margin trading is built on this thing called leverage, which is the idea that you can use borrowed money to buy more stocks and potentially make more money on your investment. But leverage is a double-edged sword that also amplifies your risk.
