The easiest and most common approach for beginning investors to get exposure to stocks is through the stock market. Investing in stocks is simply purchasing small shares of ownership in a publicly-traded company. By investing in these modest shares, youre hoping that the firm will grow and prosper in the long run, which is the aim.

Coinbase Pro is the rebranded version of what used to be GDAX. You can still use it as a wallet or for trading purposes, so there are very few differences between the two platforms other than their branding and user interface. The one main difference I see is that Coinbase Pro offers 3x margin trading while Coinbase does not.
