ATRI is a token used to pay for products and services within the Atari online entertainment ecosystem, which includes video games, gambling, and betting platforms. Atari Chain aims to make ATRI easy to integrate directly into other developers games as a form of payment. ATRI is the ERC-20 utility token, built on the Ethereum blockchain.

Opposed to a custodial exchange that requires control of your funds, a non-custodial exchange allows you to trade without handing over your funds to a third-party and the ability to maintain control over your private keys. If you are the only person with access to your private keys, only you can choose what happens with your funds, and this is one of the reasons non-custodial exchanges can be extremely secure to use.
