But a better way to gain exposure to the sector is to invest in companies -- even bigger, more established companies -- that benefit from blockchain and crypto asset uptake.

Your long-term crypto investment involves maintaining it for a period based on your investing goals. Typically, long-term investors hold their investments for several years or decades to grow their returns. So, if you believe blockchain-based technology will explode in the future, investing in crypto for the long term can be a great option.
