Cryptocurrency exchanges are websites where you can buy, sell, or exchange cryptocurrencies for other digital currency or traditional currency like US dollars or Euro. For those that want to trade professionally and have access to fancy trading tools, you will likely need to use an exchange that requires you to verify your ID and open an account.

Digital currency exchanges can be confusing if offered in the form of a clunky user interface with a flood of poorly presented information. Apart from a well-designed user interface, crypto exchange reviews often reflect the value of having good mobile apps and wallet apps on your chosen platform.
