Kin is built, grown, and governed by us, the developers who make up the ecosystem. We are a diverse group ranging from small startups to billion dollar apps. We have the scars of building for platforms that change their minds, and we have resisted the temptation to turn our users into the product. We built Kin to change the game.

KIN has one major advantage over all other cryptocurrency projects: its parent company KIK has a huge active user group already in place, which is a huge plus for the coin in terms of usage. There are several social media blockchain startups, but none of them have large user bases, or even a working product at this time.
