Copy trading is a sub-category of social trading however the services offered by social trading and copy trading networks differ in several key aspects. Social trading is a general classification of a type of trading technique, whereas copy trading refers to those platforms that allow traders to automatically copy the trading signals of other investors and create a portfolio of traders.

Copy trading is a unique opportunity to copy and duplicate positions of traders who have more experience and knowledge in comparison to you as a beginner trader. That means that copy trading allows leveraging other traders knowledge and experience without the need to analyze the market.
