ANKR has potential for a long term investment and has been on the uptrend since early 2021. Currently ANKR is traveling on the lower blue zone since early December which I presume that this will continue until early January 2022 and I said this because history shows that the same happened in late June and late September which I stated as the consolidation period and it consolidated for about a .

When you research crypto assets, you may run into a special type of price graph called a candlestick chart. So its good to take a little time to learn how these work. Similar to more familiar line and bar graphs, candlesticks show time across the horizontal axis, and price data on the vertical axis.
