Money market funds, like mutual funds, are neither FDIC-insured nor guaranteed by the U.S. government or government agency and are not deposits or obligations of, or guaranteed by, any bank. Although certain money market funds seek to preserve their value of your investment at \$1 per share, it is possible to lose money by investing in such a fund.

Coinbase lied to me when saying they got request from me but they could not to prove it so far. For your information: if someone is stealing your money, he will never send any request because to get approval he must verify his location, 2FA phone, send a link for a LinkedIn account, send a Bank Statement and it takes

about 2-4 days. I asked Coinbase send me all verifications for that request, but they could not provide me with any.
