This Binance trading bot detects new coins as soon as they are listed on the Binance exchange and automatically places sell and buy orders. It comes with trailing stop loss and other features. This open source crypto trading bot should be able to quickly detect new coins listings on Binance and quickly ride the price spike.

Simply put, a Binance bot is software that allows you to automate buying and selling processes and maximize profits. This type of software has gained immense popularity among the business and virtual community. According to CNBC, trading software already controls 80% of the US stock market!
