The argument centres on whether cryptocurrencies should be classified as securities and the answer could have major ramifications for the way the world of digital assets operates going forward. This is because anything classed as a security is regulated in the US by the Securities and Exchange Commission ( SEC ) and in the UK by the Financial Conduct Authority (FCA).

Cryptocurrencies are getting popular day by day. However, digital currencies still have significant risks despite the blockchains security. So, if you're going to engage in exchanging cryptocurrencies, you should first find a secure crypto exchange. This is where the problem starts. Most crypto exchanges claim that they are safe, whereas their users are not happy.
