How To Calculate Cost Basis Crypto: Tracking Cost Basis .

Because the fee was a cost of acquiring the Bitcoin, you add it to your basis which becomes, in fact, \$2,030. That means your gain is actually only \$7,970.00. You can also deduct the cost of any fees associated with selling your Bitcoin so if it cost you another \$30 to sell it, then you would report that as a deductible fee against the gain and reduce the capital gain to \$7,940.00.
