Several banks have closed customer accounts for their involvement in cryptocurrency. PNC Bank appears to be on this list as well as we speak. They are actively calling up customers to make them clarify Bitcoin purchases. It is evident buying Bitcoin through a bank account has always been problematic. Using a centralized exchange means users need to send wire transfers to buy cryptocurrency.

PNC Bank does not currently offer any native services for account holders to buy and sell cryptocurrency directly through their online platform, or at a bank branch. With that said however, PNC Bank account holders can deposit USD from their account into a secure and trusted cryptocurrency exchange based in the United States.
